PROFESSIONAL EXPERIENCE

Big Bird Foods Ltd. | Nov 2021 – Present

Assistant Manager Production

- Lead day-to-day production operations within the FPP department, ensuring effective execution of production plans and achievement of production targets.
- Coordinate manpower, raw materials, packaging materials, machinery and production requirements with the Production Manager to support smooth operations.
- Drive process control and continuous improvement initiatives while working closely with process controllers and production teams.
- Monitor and reduce product non-conformances, production downtime and operational wastage through timely corrective action and cross-functional coordination.
- Ensure implementation of SOPs, GMPs, PRPs, personal hygiene standards and housekeeping requirements for safe and consistent food production.
- Coordinate with QA teams to investigate and resolve quality issues and support consistent product standards.
- Lead workforce supervision, productivity monitoring and worker training related to hygiene, production practices and operational requirements.
- Participate in product sensory evaluation activities and contribute to product and process improvement initiatives.

Seasons Foods (Menu) Pvt. Ltd. | Dec 2017 – Oct 2021

Senior Production Executive | Night Shift In-Charge

- Managed complete night-shift production operations and ensured effective execution of production plans.
- Supervised manpower, ingredient requirements and packaging material availability to maintain uninterrupted production.
- Ensured implementation of GMPs and coordinated with the Production Manager to resolve operational issues and improve shift performance.

Bread & Beyond (Dawn Bread) Pvt. Ltd. | Dec 2016 – Sep 2017

Production Executive | Shift In-Charge

- Supervised daily production activities to meet demand while maintaining productivity, sanitation, quality and safety standards.
- Ensured compliance with safe operating procedures and GMP requirements and maintained accurate production data in the ERP/software system.

Innovative Biscuits Pvt. Ltd. | Aug 2015 – Nov 2016

Production Executive

- Monitored biscuit production processes from dough mixing through packaging while following HACCP, CCP and GMP requirements.
- Reviewed production schedules, optimized line operations and adjusted line speed according to manpower availability and production needs.
